

# CALL FOR PAPERS

## 2019 SPE INTERNATIONAL POLYOLEFINS CONFERENCE

February 24-27  
Houston, Texas

**Sustainable Polyolefins Growth: Meeting Needs for Today and Tomorrow**

The SPE South Texas Section, the SPE Polymer Modifiers and Additives Division, the Thermoplastic Materials and Foams Division, and the Flexible Packaging Division are organizing technical sessions for the 2019 SPE International Conference (Feb 24-27) in the following areas:

- Current Trends in Markets, Technology, and Investments
- Innovation in Polyolefin Catalysts and Process
- Advances in Polyolefin Stabilization
- Modifiers for Polyolefins
- Polymer Testing and Characterization
- Flexible Packaging
- Polyolefins in Automotive
- Advances in Polyolefin Processing
- Polyolefin Drainage Applications
- Sustainability

### Due Dates for Submission:

Abstracts:	October 19, 2018
Papers:	January 18, 2019
Presentations:	January 18, 2019
Student Posters:	January 18, 2019

To submit a paper, contact [Fernando Cevallos-Candau \(Fernando.Cevalloscandau@grace.com\)](mailto:Fernando.Cevalloscandau@grace.com)

To become a sponsor, contact [Richard Keeler \(richardk@kisuma.com\)](mailto:richardk@kisuma.com) or [Ryan Reese \(rreese@doverchem.com\)](mailto:rreese@doverchem.com)

To procure a exhibition booth, contact [Kevin Alexander \(kevin@kwatech.com\)](mailto:kevin@kwatech.com)

For more information go to [spe-stx.org/international-polyolefins-conference](http://spe-stx.org/international-polyolefins-conference) The 2018 SPE International Polyolefins Conference was very successful with over 720 people attending, 60 exhibitor booths, a student poster competition, two networking receptions, and tremendous commercial activity.
